

Assignment for November 30th

Floor Plan Exercise for Rivertown Bank Building

For next week you are to prepare a drawing of the two floors of the bank building showing how this building should be adapted to satisfy the fire safety code and accessibility guidelines as described in class. Print out the floor plan sheet available on the Weekly Resources site. On these plans add the elements necessary for the following floor uses:

First floor: Bank as shown

Second floor: Open-room office space with public accessibility
